Accomack Records Another Homicide, Two Arrests

By Cheryl Nowak and Linda Cicoira

Accomack County has recorded its fourth homicide in less than two months as Sheriff Todd Godwin announces arrests in two of them. According to the sheriff, the four homicides are not connected. He declined to disclose the motive involved in any of them.

The latest slaying occurred about 3 a.m. Saturday. Officers were called to “a subject assaulted and possibly deceased” on Cold Kall Lane in Horntown, where they found 61-year-old Leon Sylvester Harmon Jr. dead outside his residence “with wounds to his body,” according to the sheriff.

He said that upon investigation, officers obtained a warrant for first-degree murder against 46-year-old Michael Anthony Press of Horntown. After a citizen told authorities where to find him, Press was taken into custody on Neal Parker Road near Withams about 12 hours after the slaying and is incarcerated in Accomack County Jail with bond denied, Godwin said. Press’ preliminary hearing is scheduled for Jan. 26, 2015.

In a separate homicide investigation, Godwin announced that arrest warrants were obtained last Friday against Marcus Mitchell Davis, 28, of Atlantic, charging him in the death of Jacques Duval Faultleroy, 35, also of Atlantic. Faultleroy was found shot to death in his home on Greta Road Sept. 18.

Davis is charged with first-degree murder, robbery, possession of a firearm by a felon and two counts of use of a firearm in the commission of a felony. Davis has been incarcerated in Accomack County Jail since Sept. 19, when he was arrested on charges of violating a protective order and brandishing a firearm. Davis has been denied bond and his preliminary hearing on the murder and related charges is scheduled for Feb. 9, 2015.

**Quilts of Comfort for Veterans**

*Story and photo by Ron West*

The war in Iraq has inspired one soldier’s mother whose artistic creation has spread not only across the nation but also across the oceans.

Blue Star mom Catherine Roberts began the Quilts of Valor Foundation (QOVF) from her sewing room in Seaford, Del., after her son returned from the war. The goal is to see that returning warriors are welcomed with something to let them know they are truly appreciated. Roberts began to encourage other quilters to produce quilts that came to be called “Quilts of Valor.”

Since 2003, the QOVF has provided more than 100,000 quilts for service members/veterans. The local Eastern Shore Quilt Guild took on the task of making and presenting “Quilts of Valor” to individuals who have seen the face of war and have returned to live on the Shore. Guild members, who meet at Drummondtown U.M. Church in Acomac, began working on the quilts early this year.

Guild President Marie Marshall said that the quilt top was completed by guild members and machine-quilted at no charge by Les Page, coordinator of volunteer training in Virginia Beach. The guild has completed two “Quilts of Valor” and selected long-time Shore resident John Daughtrey, who resides with his wife, Emily, at Heritage Hall in Nassawadox, to receive the first one Tuesday, Veterans’ Day.

Daughtrey will be remembered as the former manager of Peeble’s Department Store in Exmore and a long-time member of Community Fire Department. Before coming to the Shore in 1961 to take the helm of the store, Daughtrey had lived and worked in Franklin.

At the age of 17, Daughtrey joined the armed forces. After completing boot camp and training as an electronics technician, he was assigned to the LSM 310, a 203-foot amphibious warfare ship headed for the Pacific theater.

As Daughtrey sat next to his wife, Emily, Quilt Guild member Helen Kinbacher wrapped the quilt around his shoulders and thanked him for his service.

*For information about the guild or the QOVF, call Marshall at 789-3750 or follow the guild on Facebook.*

CHARGES AGAINST DRIVER IN TRIPLE FATALITY WILL GO TO GRAND JURY

By Linda Cicoira

Probable cause was found for three charges of involuntary manslaughter — one for each person who died in a Labor Day Weekend traffic accident in Keller — to be certified to an Accomack Grand Jury Monday.

The case was made against a Mexican National accused of being intoxicated when he ran his vehicle head-on into southbound traffic on Lankford Highway right in front of a car dealership.

The key witness was a relative of the three victims who said he saw the crash occur while driving a car behind his family.

The defendant, Bonifilio Valesquez, 36, of Dreamland Court in Accomac, appeared in Accomack General District Court in a wheelchair. A deputy pushed him into the room and over to the defense table. He was cuffed at the stand on his own. “I was right behind it in a car . . . I saw the (Chevrolet) come from the northbound lane into the southbound lane head-on.” Jones ran to the car and managed to pull his nephew from the vehicle. When an emergency worker arrived, she had to coax Jones out of the car so she could check for vital signs on those she found to be dead.

The three were trapped in the vehicle. They were coming from a family reunion held at the park in Wachapreague. Jones said he and his grandfather were following the others and were “two telephone poles” away from the Altima when the crash happened.

Sgt. David Smullin of the Accomack County Sheriff’s Office was the first officer to arrive at the scene. He said that when he approached the defendant, who was standing beside the van, “I could smell a strong odor of alcohol and detained him.”

Because of the crowd gathered at the scene, Smullin said he took the defendant to State Police barracks where he was given sobriety tests.

Trooper A.D. Montross, who investigated the crash, said the defendant was unable to touch his nose, walked 16 steps instead of nine and marched when he was trying to count his fingers with his thumb. He had a “strong odor of alcohol, his speech . . . slurred, his eyes were bloodshot . . . he couldn’t stand on his own.”

Bruce MacMaster, who interpreted for Valesquez during the testing, testified the man admitted to drinking two beers at between 2 and 3 p.m. that day.

Accomack District Court

A Mappsville man told a magistrate he knows nothing about the wounding of another local resident, according to records filed in Accomack General District Court. Jernell Tyrone Hargis Jr., 36, of Pettit Lane is accused of the Sept. 5 malicious wounding of Maurice Fiddemon. He has been held without bond since he was arrested on Oct. 31. Accomack Deputy N.J. Bogan investigated.

Marcus Lacurtis Joynes, 33, of Kilmontown Road in Melfa was charged with stealing property valued at $200 or more from Walmart in Onley on Sept. 22. He is being held without bond.

Deputy D. Gladding investigated.

Preliminary hearings for Joynes and Hargis were set for Jan. 12, 2015.

Janice O. Smith, 44, of Seaside Village Park in Parksley was convicted of misdemeanor petty larceny in connection with an incident at Dollar General Store in Parksley Aug. 11. Initially she was charged with a third or subsequent offense of shoplifting, which is a felony. Smith was sentenced to 12 months in jail, with all but a month suspended.

Stephanie Stoeckert, 30, of Poplar Cove Road in Onancock was charged with an April 29 grand larceny. She is free on $2,500 unsecured bond. Deputy J. Sharp investigated.

Northampton Supervisors Consider EMS, Zoning Issues

By Ron West

Northampton supervisors toured the county’s Emergency Medical Services (EMS) facility in Machipongo prior to their regular board session Nov. 12 to ascertain the feasibility of constructing a garage to house the county’s Emergency Medical Services (EMS) facility in Machipongo and Nassawadox crossings between Machipongo and Nassawadox.

The addition would be 84 feet by 30 feet and could house up to four vehicles. Currently, the property is rented so the county would likely need to purchase the one-acre parcel. When the supervisors reconvened in Eastville, they took no action on the matter.

In a related area, the board tabled a request regarding a policy change that would allow county paid EMS staff to serve as volunteers with rescue squads in the area. The board discussed the issue but indicated a need for additional information prior to making a formal decision.

In October, the board chose not to continue a pilot program to provide daytime paid EMS staff through the end of the year at the rescue squad in Nassawadox.

The board reviewed a report by the Virginia Department of Transportation (VDOT) regarding proposed closures of several median crossings between Machipongo and Nassawadox.

**Class 4 Laser Treatment For Peripheral Neuropathy**

You may have been told that there is no successful treatment for your peripheral neuropathy symptoms. Most doctors are not aware of a new treatment utilizing a class 4 laser. Two years ago, I opened the third laser center in the United States specifically designed to treat patients with peripheral neuropathy. Since that time, we have treated over 85 patients with symptoms of both large and small neuropathy symptoms. 80% of those patients experienced at least 80% relief. After the initial treatment plan, just a few treatments per year will keep the symptoms at bay.

30-Year Resident of ‘The Farm’ Dies

Mr. Dorris Wilson Fauber, 94, of Cape Charles died at his home on Jacobia Lane Friday, Oct. 31, 2014.

Born in Amherst County, Va., he was the son of the late Massie Hewitt Fauber and Mary Frances Carpenter Fauber. Mr. Fauber and his bride-to-be met in 1942, before he was sent overseas for World War II, and they “courted” by mail for three years. “She was the prettiest girl I had ever seen, and I knew I loved her from the start,” he said. They married in February 1946. Their journey together paralleled his career with Chesapeake and Potomac Telephone Company of Virginia and later with AT&T, from which he retired in 1985. For nearly the past 30 years, home has been “The Farm” on Plantation Creek. They welcomed, without reservation, their children, spouses, grandchildren, and friends of these family members. Holidays from Christmas through Thanksgiving were anticipated for weeks in advance and always exceeded expectations.

Mr. Fauber always thought of others before himself. His sage advice was sought by all, and he was the consummate mentor. Having grown up during the Great Depression, he understood the value of hard work, instilling that ethic in his children, while he and his wife raised them with an unconditional love that has shaped their lives. His Christian faith sustained him, and he and his family were active members of Reveille U.M. Church in Richmond and Virginia Beach U.M. Church. For the past 28 years, he and his wife were members of Holmes Presbyterian Church in Cheriton. Mr. Fauber was a Sunday School teacher and an ordained elder in the Presbyterian Church. “Well done good and faithful servant”... (Matthew 25:21).

Mr. Fauber was preceded in death by his wife of 68 years, Amanda Ann Powell Fauber; and three sisters, Audrey “Peg” Campbell, Mary “Zid” Brandon, and Frances “Beese” Beverley. He is survived by his brothers, Bernard Massey Fauber of Pauma Valley, Calif., and Melvin Cecil Fauber and Fred Lloyd Fauber, both of Lynchburg, Va.; children, Pamela F. Kupiec (and husband, John) of Mathews, Va., Doris F. Strickler (and husband, Michael) of Lexington, Va., David W. Fauber (and wife, Donna) of Oyster and Michael P. Fauber (and wife, Connie) of Dallas, Texas; and grandchildren; Scott Kupiec, Matthew Strickler, Amanda Green, Batista Fauber, Joseph Fauber, Abigail Fauber, Caleb Fauber, and Ruth Dean; and four great-grandchildren.

A memorial service will be held Saturday, Nov. 15, at 2 p.m. at Holmes Presbyterian Church. The family will receive friends at 2496 Jacobia Ln. following the service.

Memorial donations may be made to Holmes Presbyterian Church, P.O. Box 258, Cheriton, VA 23316-0258. Online condolences may be sent to the family at www.doughtyfuneralhome.com.

Arrangements were made by Wilkins-Doughty Funeral Home in Cape Charles.

‘Miss Josie’ Passes Away in Onancock

Mrs. Josephine Tyraj-Masik-Bramich, 94, wife of the late Fred Bramich and Walter Masik, passed away at her Onancock residence Thursday, Nov. 6, 2014, surrounded by her loving family, all of whom she was very proud, and were “everything” to her.

Born March 1, 1920, in Skalicia, Czechoslovakia, she was a daughter of the late Gustav Tiraj and Albina Kristekova-Tiraj. She later was extremely proud to become a citizen of the United States, beginning each day flying her American flag. She kept her heritage in her heart, tuning into her favorite polka show every Saturday night. Mrs. Bramich was a homemaker and nanny, and for approximately 17 years, volunteered in nursing homes, spending many hours at the former Shore LifeCare in Parksley. “Miss Josie” enjoyed embroidery. She did not seem to know sadness; instead, she aimed to bring a smile to the faces of others.

Survivors include her children, Walter “Butch” Masik (and wife, Tami) of Melfa, Diana Marx (and husband, Kenny) of Hampton Bays, N.Y., Liz Walters-West (and husband, Jeff) of Onancock, and Elaine Cunningham (and husband, Jerry) of Bakersfield, Calif.; 21 grandchildren; four great-grandchildren; and a niece and nephew. She was predeceased by a sister, Olga Horvathova; and two brothers, Gusta and Rudy Tyraj, all formerly of Skalicia.

A Celebration of Life was held at Williams-Onancock Funeral Home Tuesday, Nov. 11, with Rev. Steve Doan officiating. Interment was in Fairview Lawn Cemetery.

Memorial donations may be made to the SPCA, P.O. Box 164, Onley, VA 23418, or to a charity of one’s choice. Memory tributes may be shared at www.williamsfuneralhomes.com.

Virginia’s average price for regular unleaded fuel is $2.73 which is the lowest since November 2010. This is 33 cents lower than last year and 32 cents lower than last month. The average price for regular gas in the Hampton Roads area is currently $2.77, 29 cents lower than last year and 33 cents lower than last month. The national average price of gas dropped for 46 days in a row (a cumulative decline of 42 cents), the longest consecutive decline since 2008.

Today’s national average for regular unleaded gasoline is $2.93 per gallon, which is the lowest price since Dec. 4, 2010. Motorists are paying a nickel less than one week ago, 29 cents less than one month ago and 26 cents less than one year ago.

The price at the pump has dropped 77 cents from the 2014 peak of $3.70 (April 28), which represents an estimated savings of more than $250 million each day for American motorists. A decrease in retail gasoline prices is often likened to a tax cut because it can inject billions of dollars in non-gasoline spending into the economy. Absent any unanticipated market-moving events this winter, the retail price for gasoline is expected to remain relatively low. As gasoline stations continue to adjust to falling oil prices in the global market, consumers are likely to experience the lowest Thanksgiving prices since 2009.

Fueling the welcome decline in gas prices has been the multi-month drop in crude oil costs with prices for West Texas Intermediate down to a multi-year low of $77.19 per barrel last week, which compares to a 2014-high of more than $107 per barrel on June 20. Adding momentum to falling prices last week was an unexpected move by Saudi Arabia, the world’s largest oil exporter, to lower the price per barrel for crude sold to the United States.

Market watchers are now focused on the upcoming meeting of the Organization of the Petroleum Exporting Countries (OPEC) with analysts paying close attention to how the cartel will respond to falling global prices.
Accomack May Replace School Retirement Plan

By Linda Cicoira

Accomack’s School Board is looking over a proposal that could eliminate an early-retirement incentive program for its long-time workers that cost more than $550,000 in a recent year.

The retirement plan allows teachers with 30 years of experience in Virginia and at least 15 years with Accomack County to retire early. It was initially designed to bridge the gap until Medicare kicks in.

Teachers, administrators and other workers can get 10 percent of their final salary for 10 days of work annually. Many long-time employees complained about the possible elimination of the program in 2013, when such action was first suggested by former Superintendent Dr. Bruce Benson.

The school panel is expected to review the options regarding the plan at its regular monthly meeting next Tuesday. Members agreed to hold three town-hall meetings to solicit comments about the plan and to possibly incorporate any suggestions.

The supervisors have urged the School Board to do away with the costly program because of the high pay it provides to substitute administrators.

School Board Vice Chairman Travis Thornton noted that the study committee he headed realized that at some point, the age limit was removed from the policy. “After much research, no minutes could be found (as to) when this change was initiated,” he continued. “Several long-standing School Board members currently on the board could not recollect when this change had taken place.”

“The committee felt the main point of contention from some ... supervisors is the amount paid to experienced, retired administrators and teachers,” said Thornton. “The committee feels strongly that the experience ... cannot be duplicated by using someone off the standard substitute teacher list. ... There is no possible way for someone unfamiliar with the county school crisis plans and classroom management and experienced in school discipline procedures could come from the general substitute pool. Likewise, no substitute from the approved list can bring the experience to the classroom that a retired teacher can. However, the committee agrees that the pay should be adjusted more in line with what a retired teacher would make.”

The committee recommended the current plan be eliminated, with a two-year phase-out for current employees and that retired long-time teachers, when serving as substitutes, be paid the same as current long-term substitutes.

The program would serve those who have worked in the Accomack system for at least 15 or 20 years (not yet decided) and those who are not yet eligible for Medicare. The program would only be available for seven years after the retirement date and participants would be asked to sign a promissory agreement to provide at least 15 or 20 days (undecided) of service to receive the pay rate.
Superintendent Dr. Kregg Cuellar offered the following comments at Tuesday’s School Board meeting.

“Martin Luther King, Jr. once said, ‘Every man must decide whether he will walk in the light of creative altruism or in the darkness of destructive selfishness.’ Mr. Leon Harmon, a bus driver with over 40 years of service to our division, walked in the light of creative altruism, servicing our children and their families through his strong work ethic and genuine compassion for those he served. In fact, he serviced three generations of Accomack County residents. Unfortunately, someone’s darkness of destructive selfishness took Mr. Harmon’s life on Saturday, Nov. 8, 2014.

“Mr. Harmon has been surrounded by community support since he started driving for us in 1979. Mr. Harmon was always steadfast in his commitment to his route, ensuring continuity for his students and the families he serves.

“Not just students now, but students of the past have been under his care. And, he has done so with absolute perfection. He called each of those students his angels, was quick to greet them with a smile and a hug, and he would have done anything for any one of them.

“Mr. Harmon is a man beloved by all. Please join me in remembering Mr. Harmon, his family, and friends for he was a valued and cherished member of our school system and county.”

Then Superintendent Dr. Bruce Benson suspended Harmon for 10 days and said he would put a note in Harmon’s file and would give Harmon a different route. Harmon worked at the division’s garage during that period. Dozens of parents and students rallied the School Board to return the driver to the route. But the panel took no action and Harmon wound up getting a new route in the same area.

Meanwhile, the investigations continue into the slayings of Denis Alberto Galo-Alvarez, 32, of Onancock, whose body was discovered in a wooded area near Nelsonia Nov. 2, and Roland (Skeeter) Thomas Reid, 53, whose body was found Oct. 24 in a yard near his home on Pennyville Road near Painter.

According to the office of the medical examiner in Norfolk, both men were shot to death.

If you are a casual duck hunter — is there any such thing? — you might not be aware the waterfowl season starts tomorrow.

I know I was surprised when one of my more avid duck-hunting friends told me he was gearing up for opening day on Nov. 15.

I bought my license long ago for the dove-hunting trips I never took, but never checked the information for waterfowl season, thinking it was the traditional Saturday before Thanksgiving.

Duck hunting is all about tradition. Years ago the season opened on Thanksgiving Day. For many of those years I woke up in a cabin on Saxis, birthplace of my grandfather, where Uncle Newman and I would hunt ducks. When his son, Craig, was older, he would join us. And when my son, Parke, was old enough to tote a shotgun, he made it a foursome.

Some of my best hunting memories are from those trips. We would play cards at night and eat like kings. The cabin we stayed in was no castle, however. We laugh now about having to chase the coons out before settling in upon our arrival.

My uncle died way too early more than 20 years ago. I still hunt with Craig, and my son joins us when he can get here from Richmond.

It’s some of those memories that keep me going. The thought of leaving a warm bed in the morning and wading in icy waters to set out decoys is not as appealing as it once was. Or was it ever appealing? Maybe it was another sign that my crockpot was a bit cracked, true of all duck hunters.

Here’s the lowdown on this season. It starts tomorrow and goes out on Nov. 30, not to come in again until Dec. 17, and then closes for good on Jan. 25, except for a special Youth Waterfowl Hunting Day on Jan. 31. Goose season is Nov. 15-23 and then Dec. 20-Jan. 29.

Now here is something traditionalists like me will have trouble adjusting to. For the first time ever — or at least in my lifetime — hunting is now legal on Sunday throughout Virginia except within 200 yards of a place of worship.

I have not talked to many hunters who plan to hunt on Sunday or who even like the idea. I understand and support the concept that many hunters could only hunt on Saturday because of work responsibilities and will welcome the opportunity to hunt on both days of the weekend. In addition, visitors to the area can hunt the entire weekend when they travel, helping the tourist industry. I have hunted on Sunday when I visited friends in South Carolina.

But here in my own neck of the woods, I am not sure I will be hunting on Sunday. It’s just something I can’t wrap my head around right now. Besides, I can’t see rushing in from the marsh to make it to church, where I should be on Sunday mornings.

I never have been a deer hunter, although my brothers and father have longed enjoyed it.

I actually had to break away from writing this column to take a photo of my 86-year-old Dad with a 10-point buck taken with a muzzle loader on the family farm. That’s him pictured at right. Dad has not hunted waterfowl in my lifetime, having long ago grown weary of the ever-changing and more restrictive waterfowl regulations. We do get together several times a year for rabbit hunting on the family farm, often joined by my brothers. But, even at his age, he still enjoys deer hunting a few days a year.

For whatever reason, deer hunting never appealed to me, although I tried it a few times and enjoyed the early-morning time in the woods, watching the forest come alive with birds and squirrels. But even my Dad says, “All the fun is over when you pull the trigger.”

I don’t mind cleaning a few ducks or geese and love cooking them on the grill, in the oven and in a crockpot during the winter. I have no desire to field-dress a deer.

So, if you have been caught by surprise by the early start of the waterfowl season tomorrow and haven’t time to check the regulations, here’s the daily bag limit: six total ducks of any species, which can include no more than four mallards (only two can be hen mallards), four scoters, three wood ducks, two redheads, two scaup, two pintails, one black duck (except closed during Oct. 10-13), one canvasback, one mottled duck, and one fulvous whistling duck. Sometimes we joke that we need a calculator in the duck blind.

If you are in the woods, be aware that rifle hunting in Accomack County for deer also starts tomorrow. That goes for Sundays too, but dogs are not allowed for deer hunting on Sundays, and written permission is required if you want to hunt on land you don’t own.

The best thing to do is check game regulations before you leave the house at http://www.dgif.virginia.gov Don’t take my word for it. I am just a duck hunter whose crockpot is cracked.

Northampton Wins Conference Volleyball Title

Northampton won the Conference 41 volleyball tournament held at Appomattox Regional Governor’s School in Petersburg Saturday without dropping a set in defeating Franklin in the semi-finals and Appomattox in the finals.

The Lady Jackets swept Franklin 25-10, 25-17 and 25-19. Taylor Webb had eight aces, seven kills, four assists and seven digs to lead Northampton. Kennedy Webb added six aces, three kills, five assists and seven digs. Taylor Nadeau had six aces and five kills. Angela Head had three aces, two kills, seven assists and a dig. Makayla Wilson had two aces and two kills. Monique Ayers had six assists. Evelyn Dunton contributed two digs.

In the championship game, Northampton swept its way to the title with 25-20, 25-13 and 25-20 wins over Appomattox Regional Governor’s School.

Ponies Get Win

Chincoteague had a strong showing in the conference tournament with a opening win over Surry by 16-25, 25-20, 25-23, and 25-19 scores. The Lady Ponies were led by Emily Haugh with nine aces, four kills, two blocks, and a dig. Sarah Turner had six aces, six kills, and two blocks. Libero April Zell had two ads, seven digs, and a kill.

In the semi-final, Chincoteague fell to Appomattox Regional Governor’s School in straight sets, 14-25, 23-25, and 21-25, pushing the number two seeded team in the last two games. Haugh led the Ponies with five aces, two digs, two blocks, and six kills. Turner had five aces, one dig, one block, and three kills. Kristin Fox had one ace, two kills, and six digs.

Jackets, Ponies All-Conference

Northampton’s Taylor Webb and Kennedy Webb were voted first-team All-Conference at the tournament last Saturday. Chincoteague’s Emily Haugh also was voted All-Conference, and the Ponies’ April Zell was All-Conference Libero. Taylor Webb was named tournament MVP.

Making the second team from Northampton were Taylor Nadeau, Angela Head and Ashlyn Arnold (libero). Receiving Honorable Mention was Monique Ayers.

Although this loss is obviously disappointing for us, it does prove that we can play at a high level against an opponent that was very competitive with some of the best teams in the state in Group A,” said Jacket coach Cathy Doughty.

Kraft Named All-Metro Volleyball

Broadwater’s Kathleen Kraft was named first team volleyball All-Metro Conference recently by coaches.

“Kathleen has been a vital part of our team. Her athleticism, strong fundamentals and strategic knowledge of the game led our efforts on the court. In a pinch we would send the ball to Kathleen, and she would know where to place the ball and have the ability to get in the correct spot. She has been such an asset to our team and will be greatly missed next year.”

Kraft led her team with 112 kills, 93 percent on serves with 32 aces and 208 digs.

Nandua will be making an almost five-hour drive today to play Clarke County in Berryville tonight in the state football playoffs.

The Warriors, 7-3 and Eastern Shore District champions, were ranked 13th in the final 2A East Regional standings, with Clarke County, 10-0, ranked fourth. The top 16 teams make the playoffs; the top eight host first-round playoff games.

Nandua will be the heavy underdog against the Clarke County Eagles, who have scored at least 40 points in eight of their 10 games and have not allowed more than 15 points in a game this season. They have won every game by at least 22 points.

Although the Eagles are traditionally known for their strong running game, Sean McDonald, Clarke County’s 6’3”, quarterback, owns the school’s single season and career passing records and keeps defenses from keying on the run.

Nandua coach Thomas Rotkowski knows his team will be facing a challenge tonight, “I think Clarke County is a very tough opponent, but I know our kids are going to be up for the challenge,” he said. “Any time you play an undefeated team this time of year, you know you will have to play a great game to compete. This game will act as a barometer to determine how far our program has come. They run a similar offense as we do, and both teams are going to come out trying to establish the run game. Judging by film, they have a very big, physical team with some dynamic play makers. We’re going to have to match their physicality and their intensity. It’s going to be a long bus ride Friday, but that’s part of the challenge we look forward to overcoming.”

Nandua will depend on Tyreim Blake, voted the Player of the Year in the Eastern Shore District, to offset Clarke County’s weapons. The 6’1”, 190-pound senior was a dual threat this season, running for 1,309 yards and passing for 752 yards while accounting for 23 touchdowns overall. Blake is complemented by senior running backs Anthony Smith and Jakorah Parker and a line featuring All-District players Jhamir Poulsom, Tevin Custis, Daryl Fisher and Mahagee Wise.

Next week, photos and information on the Eastern Shore All-District football team will appear in the Post.

Ibarra, Jones Win Golf Championships

Jamie Ibarra won the club championship at Eastern Shore Yacht and Country Club recently with a match-play win over Tom Watkins.

In the women’s division, Sarah Jones defeated Barbara Murphy for the club championship.

In other golf news, Jones a senior at Arcadia, competed in the girls’ open high-school state golf tournament for the third straight year, finishing 30th out of 52 among golfers from all classifications of public high schools in Virginia. Jones shot a 90 and 92 at the Belle Haven Country Club in Alexandria.
Broadwater girls finished seventh among 23 schools in the Division 2 Virginia Independent School Athletic Association state cross country meet held at Woodbury Forest last Friday. It was the highest finish ever for a Broadwater cross country team.

Kate Gomer, who made All-State VISAA cross country with her performance, led the Viking girls with a 19th-place finish in 21:50.93. Sydney Parks was next with a 30th-place finish in 22:22.01, followed by other point producers, Carly Wardius 39th-22:29.01; Jean Tankard 57th-23:43.05; Anna Sexauer 75th-24:10.32; Julie Xiong 77th-24:15.82; and Vera Cameron 165th-27:47.83.

Three of the top four Broadwater girl runners are eighth graders, and the fifth is a freshman, boding well for the future.

The Viking boys finished 15th among 31 teams in the Division 2 race. Freshman Robby Parker led the Broadwater runners with a 60th-place finish in 19:52.95 with Jackson Rose 77th-20:08.27. Both runners turned in their best performance of the season.

According to Viking coach Eric Hack, the boys’ race was marked by massive confusion as the top 15 or so runners, including Tommy Golibart and Nick Gomer, went off-course as the crowd was blocking the course and the meet directors had no marshals directing the race. “As Tommy and Nick were in the front of the race, they had the farthest distance to retrace after the runners became aware that they were going the wrong way. They came back and finished, although they were emotionally defeated,” said Coach Hack.

With the mix-up, Golibart finished 80th in 20:14.72, with Jack Buchholz 133rd-21:18.97; Nick Gomer 152nd-21:50.26; Jacob McClaskey 153rd-21:51.69; and Scott Ryan 196th-23:01.23.

Pictured are All Metro Conference runners from Broadwater.

Evan Lawrence Earns Trip to State CC at 2A East Regional

Nandua’s Evan Lawrence qualified for the state cross country tournament with an 18th-place finish in 17:58 at the 2A East Regional Cross Country tournament last week held at Panorama Farms Earlysville. The state meet will be at Great Meadow, The Plains.

The Arcadia boys finished 15th as a team, led by Logan Godwin with a 26th-place finish in 18:23. Other Firebird runners included Edquardo Martinez 93rd-21:40; Tah’re Pettit 96th-21:44; Pedro Francisco 110th-24:16; Brennan Hall 113th-24:36; Matt Simko 114th-25:07; and Ronnie Morente 115th-29:18.

The Arcadia girls were 16th in the 2A East Regional cross country meet. Kristina Dedicatoria led the Firebird runners with a 91st-place finish in 25:56. Jo Fuller was 108th in 29:04, followed by Rachal Lankford 109th-31:36; Sophia Siemienski 112th-33:34; Rebecca Tiescotter 113th-34:19; and Celeste Briones 114th-24:26.

Erica Head Runs to State Meet at 1A East Regional

Northampton’s Erica Head qualified for the 1A state cross country championship with an 11th-place finish among 82 runners in the 1A East Regional meet last week held at Pocahontas State Park 5K Course in Chesterfield. Head finished in 21:46.52. The team finished eighth in the meet.

After Head, Hayley Marshall was 38th in 24:20, followed by Alex Marshall 45th-24:52.41; Caroline Hiler 46th-24:53.96; and Cecilia Cruz 26:06.63.

The Northampton boys finished eighth of 16 teams in the 1A East Regional cross country championships on Wednesday. José Palacio led Jacket runners with a 37th-place finish in 19:15.88, followed closely by Noah Lefel 38th-19:16.85 and Billy Martinez 40th-19:17.75. Mawyer Garvis finished 50th in 19:35.11, with James Teeling 61st-20:06.15; Sammy Pineda 77th-20:47.28; and Matthew Justice 91th-21:50.32. No Jacket boy runner qualified for the state tournament.
Story and photo by Bill Sterling

Arcadia sent its 12 seniors out with a win, a 37-0 defeat of Northampton last Friday night.

“It was definitely a nice win to get for our seniors,” said Firebird coach Tony Nock. “This season has not gone like we expected, but we played a lot of underclassmen Friday, and I am cautiously optimistic about next year.”

Nock played only underclassmen in the third quarter, when Terrell Wharton had a 20-yard run to the 1-yard line and scored on the next play. Tyquon Peyton also saw action in the backfield, as did Kyric Weathers, who gained 63 yards on 10 carries. Jamal Savage ran for 87 yards on six carries. Contrel Brown, only a sophomore, bulled his way for 50 yards on eight carries. Brown also had a five-yard touchdown run in the second quarter that was set up by a 50-yard punt return by Savage.

The Firebird seniors took the field in the final quarter to close out their careers. Senior quarterback Josh Sanns scored his second touchdown of the night on a one-yard run. He opened the scoring with a seven-yard run in the first quarter. Sanns also threw a 14-yard touchdown pass in the first quarter to Eric Grinnage, who outleaped the Jacket defender in the end zone to make the grab. Sanns was 3 of 7 passing for 38 yards.

Logan Godwin kicked a 21-yard field goal on the final play of the half to go with two extra-point kicks for the sophomore. Cameron Vandeneynde also kicked a pair of extra points.

Defensively, Arcadia was led by Rickie Shrieves and Kerric Hickman with six tackles each. Peyton and Savage had five each.

Northampton was led on offense by Hakeen Berry, who had 100 yards rushing, including a 73-yard run from the Jacket 20 to the Firebird 7-yard line to give the Jackets their best scoring threat.

Northampton coach Ty Traister said Jovoski Williams was outstanding on defense as were defensive tackles Quinyon Williams and Byron Christian.

“I give Arcadia a lot of credit,” said Traister. “They stuck to what they did well and although I thought we played tough on defense, they were able to keep grinding and capitalizing on our mistakes.”

Injuries hurt Northampton as quarterback Dyshawn Beckett was obviously hobbled all night and rarely ran the ball. Freshman Tamaze Brisco was held out despite having recovered from a midseason injury. Several other Jackets left the game, and Traister said a few were playing through injuries.

Traister looked back on the 1-9 season with hope for the future. “As far as the 2014 season goes, I am left with a lot of positive feelings and an exciting outlook for the future,” he said. “I am proud of our seniors who got to experience their first win of their high-school football careers. Our underclassmen were a huge part of the success we experienced this year, and our first JV season in years was a success. All year we talked about staying focused, growing, and finding the small victories that would bring the W’s in the win column. I also want to thank my coaching staff for their hard work this season as well as our increased attendance on Friday nights from the fans. It meant a lot to our team to see everyone in the community show their support. I believe we have learned a lot this year about what it is going to take to get Northampton football back to where it once was and I cannot wait to get started with this off-season. The 2015 season starts now.”

This is also the time of year when many of our area seniors are thinking about what they will do post-graduation and for many of them college is a top priority. ESCC joins the Accomack and Northampton public school systems in encouraging students to take the challenge set forth by the commonwealth and be “the One” who submits application materials to at least one college or university during Virginia College Application Week.

Virginia College Application Week (VCAW), Nov. 17-21, is a part of the national initiative to increase the number of students who will enroll in our colleges and universities across the nation.

Allow me to share with you a few reasons why I believe community colleges in general and ESCC in particular warrant your consideration.

Community colleges offer both academic transfer and workforce programs. Through the statewide Guaranteed Admissions Agreement, students who graduate with a transfer associate’s degree from ESCC and a minimum grade-point average may obtain guaranteed admission to more than 20 of the commonwealth’s colleges and universities, including Virginia Tech, VCU, James Madison, and Liberty University. Additionally, students may be eligible for transfer grants to assist with tuition at a four-year institution. For those desiring to prepare themselves to go directly into the workforce, ESCC prepares individuals for careers such as nursing, medical assistant, welding and HVAC technician. If you are not sure which option you want to try, ESCC is the perfect place to explore your options.

Average annual tuition and fees for a full-time student at community colleges average $3,900, versus $9,919 at a public four-year college or university and $22,695 at a private institution. In addition, students can live at home and save on housing and food. Many students will find that they are eligible for financial aid in the form of grants, scholarships and work-study to help meet expenses while attending ESCC.

Community college classes are taught by faculty whose primary focus is teaching and student learning. ESCC is fully accredited the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), the same agency that also accredits UVA, ODU, etc. Students have easy access to ESCC’s faculty who are willing to work with students and want to help them be successful.

ESCC offers a variety of services to assist students in the attainment of their educational goals. These include counseling, advising, tutorial support, financial aid, support for veterans and active-duty military, along with library services. Numerous computer labs are available to students for use in completing assignments.

ESCC offers classes at times that are convenient for students — days, evenings and Saturdays. ESCC has expanded its on-line offerings to include courses such as German, Japanese, Russian, economics, and statistics to meet student needs. Students are not required to be full-time and can have a part-time enrollment status to accommodate their lifestyle.

If you think community colleges can’t prepare you to get where you want to go in life, here is a listing of a few individuals who started in a community college: J. Craig Venter, the person who mapped the human genome; Richard Carmona, former U.S. surgeon general; Eileen Collins, the first NASA female space shuttle commander; Nick Nolte, actor; Harry Reid, Senate majority leader; and Nolan Ryan, retired baseball pitcher.

“Be the One” and start your future today at ESCC: “Where tomorrow begins!”

Zoning Ordinance Changes Should Be Scrapped

Dear Editor:

About 140 citizens gathered last Thursday at the Northampton Community Forum in Eastville to hear an explanation of the proposed countywide rezoning and some of the changes versus our current zoning. Volunteering their time and expertise, panel members included several trained, experienced Virginia-certified citizen planning commissioners, a scientist and director at the University of Virginia’s Coastal Research Center, and a real-estate broker of 40 years.

As co-sponsor of the event with Virginia Eastern Shorekeeper, Citizens for a Better Eastern Shore was encouraged by the large attendance. Clearly there is a thirst for additional information about the proposed zoning. The lack of knowledge, confusion, and alarm residents expressed concerning the new zoning proposed is another indication that the county has not done an adequate job explaining the changes proposed.

As CBES has stated, Northampton County has provided no meaningful presentations on the details of the proposed zoning. Justifications for proposed changes were often not stated or are unsupported. A recent economic development study commissioned by the county cited several impediments to economic development. The zoning now in place was not considered one of them.

County officials have stated at public meetings that no studies have been done concerning the im-
pacts of the proposed rezoning on such things as property values and the county’s successful economic engines: agriculture, aquaculture, and tourism. No diverse public input was requested; county staff wrote the rezoning document without that input.

In addition, the backbone of county zoning is its Comprehensive Plan, which reflects the community’s needs and desires, while the Zoning Ordinance is the tool that implements the plan. As part of this deeply flawed process, the county skipped revising the Comp Plan in favor of fast-tracking the zoning. This has resulted in a proposed zoning ordinance that is both inconsistent and incompatible with the county’s existing Comprehensive Plan.

All the above have been a grave departure from established county procedure in regards to rezoning. This should be unacceptable to our local elected officials who uphold the fundamentals of our democracy — government for and by the people.

Much more is at risk than the cost of re-advertising a proposed zoning revision. Tourism, agriculture and aquaculture all face new risks under this new zoning proposal. There is a real possibility we may derail the county’s current job providers, jeopardize our home values and the tax base, and suffer a real loss of public trust.

It is not too late for the county to get back on track. CBES, representing its nearly 1,000 members, urges the Northampton Board of Supervisors to withdraw the proposed rezoning. Let’s all go back to the table as a community and review the county zoning using the reasonable and inclusive process, which has worked for us in the past.

G.F. Horne Grateful for Help, Still Needs More

Dear Editor:

G.F. Horne Assisted Living Facility would like to thank Gina Crockett of Lighthouse Ministries for not only helping us with our recent prom, but now becoming a wonderful donor for our bingo prizes and birthday gifts.

We’d also like to thank Sylvia Bradley of the Methodist Women of Oceanview United Methodist Church who brought in boxes and bags of awesome prizes which helped us so much, and has a box for collecting more prizes. This is so kind and appreciated.

Food Lion has been extra special, giving us holiday watermelon parties and pumpkins.

Now Walmart is offering a community service, giving us fresh doughnuts for our morning activities.

We can’t thank Walmart enough.

Baskets and Bows is just wonderful as they are going to wrap our gifts for the Orchestra Christmas Party.

And we thank Pastor Bailey of Grace and Truth Ministries for opening their free clothes closet and soup kitchen for us.

We’d just like to ask the Eastern Shore one more thing as our motto is “Our Family Taking Care of Yours,” and that is for congregations of churches to think of adopting us to keep our weekly bingo games going with prizes, as well as birthday gifts and much needed toiletries.

Also, if anyone wants to look around their house for knick-knacks and donate anything they don’t need anymore, we would appreciate it very much.

You could call Elizabeth at 302-1290 on Tuesday or Wednesday to make arrangements.

The residents of G.F. Horne, Onancock

ES Post Reporter Represents Good, Traditional Journalism

Dear Editor:

Please, more Linda Cicoira, photos! The ones of the rocket disaster last week were brilliant.

I also admire her reporting — fearless, unbiased, factual and succinct, qualities once valued in journalism, which, like so many old-fashioned ideas, seem to be slipping away from us.
